

Mr. Colin Barnett
Leader of the Opposition
ncurtis@mp.wa.gov.au

Dear Mr. Barnett,

We are joyous that at last we have a Racial Vilification Bill in the offing - to become the law of this State. Normally, as a leader of the Opposition, we are expecting that you will be opposing this Bill and stop its passage through parliament. However, we do not wish to see you doing this because you may oppose on other issues but this is an issue that will test whether your heart do bleed for the minorities of this nation.

If you heart do bleed for us Mr. Barnett, do not oppose it and let it pass through as you will surely be rewarded for your kind-heartedness. If you do oppose it, you are guilty of sharing the common ideals of those Australians who do not wish to see us as **equals**.

We want no more of these Chinese restaurants bombings in Western Australia. If you do support our cause, we have our thumbs up for you Mr. Barnett. If you do not support this good cause, we will have our thumbs down for you.

Yours sincerely,

Eddie Hwang
